

COVID-19 UPDATE – Prosper Place – November 13, 2020

Let us all do our part to curb the rapid growth of COVID-19 in Alberta!

Let us protect one another.

Due to the recent rise in COVID-19 case numbers, Prosper Place has made the **very difficult** decision to once again, close our doors to in-person access for peer members. This temporary closure will become effective Monday, November 16th until further notice.

Prosper Place **WILL** reopen in the future and we will all be together once again. The resiliency that Prosper Place peer members have shown during recent months is truly inspiring.

The staff at Prosper Place will continue to work ramping up the outreach and interactive programs for peer members.

You are NOT alone – we are all in this together!
